The image shows four hand-drawn diagrams of simple machines, arranged vertically. From top to bottom: a screw with a threaded shaft and a handle; a wedge with a triangular cross-section and a handle; a pulley with a wheel and a rope; and a lever with a fulcrum and a handle.

AD

1. The first step is to identify the problem or question that needs to be answered.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.
